Plum Harvest Order Chart

18 plums in ripening order, from each variety's cited harvest window.

Shaded months are when each variety is usually picked, as its source gives them; trees in warmer zones ripen earlier and in cooler zones later. The windows come from sources in different regions, so the order is approximate. Check off the varieties you grow and note the date you pick them.

Variety	J	F	M	A	M	J	J	A	S	O	N	D	Picked
☐ 1. Beauty						■							
☐ 2. Methley						■							
☐ 3. Flavor Supreme						■	■						
☐ 4. Santa Rosa						■	■						
☐ 5. Shiro						■	■						
☐ 6. Burgundy							■	■					
☐ 7. Alderman								■					
☐ 8. Dapple Dandy								■					
☐ 9. French Improved Prune								■					
☐ 10. Green Gage								■					
☐ 11. Satsuma								■					
☐ 12. Stanley								■					
☐ 13. Superior								■					
☐ 14. Blue Damson								■	■				
☐ 15. Elephant Heart								■	■				
☐ 16. Flavor King								■	■
